

ORAJET® 3162 Series

The perfect solution for brilliant and colourful large sized digital advertising prints.

ORAJET® 3162 series is the ideal choice when it comes to large sized advertising prints. With its soft PVC structure it is easy to print as well as easy to apply. The material is printable with HP Latex inks.

The series is available with the Rapid Air structure, making application even easier. The Rapid Air system has been specially developed to prevent air bubbles from getting trapped under the material. This means that application can be done quicker and with a lot less hassle.

The ORAJET® 3162 Series include options for both glossy and matt surfaces, making it the ideal base for any print regardless of what finish you are looking for in your design.

The series includes:

- ORAJET® 3162
- ORAJET® 3162X
- ORAJET® 3162X RA

Engineered to Perform Better™
